the land taken up in reference to the sanction of Government on account of the Madura Waters work. This work is temporarily postponed pending the return of Captain Horsley. The land sanctioned in the extract of Min Con. dated 4th February last is only the space of land actually covered by the water project work. The proprietors of the land refused compensation unless the in the adjoining fields and both sides of the embankment be covered up at the expence of Government as levelling above that the fields are injured as the earth was taken to make the embankment their appears recoverable but the matter cannot be settled yet so more earth will be required to finish the embankments.

dated 15th Feby 1857

2. I also take this opportunity to state that having found from a letter from Lieutenant Scott that the necessity for taking possession of the Land adverted to the extract Min Con. No. 61 of the 10 January 1857 does no longer exist, as the owner, the Zemindar of Vadagharay has already paid to him a sum of Rupees 151 a moiety of the Cost of the Estimate prepared by Lieutenant Scott for changing the line of Road so as not to traverse the Land and has given a written agreement to the said Officer to pay the other moiety before the 31st Proximo I have deferred executing the ~~order of Government~~ to acquire the land in question.

To The District Engineer _ Madura

Sir,

In reply to your letter _ No. 171 dated 3rd Ultimo I have the honor to return the report and the sketch received therewith after the filling up the blank columns _ The Annual Grant placed at my disposal is the Discretionary allowance of Rs 1500 sanctioned by Govt. on the 22nd October 1853. This sum has been laid out on whatever road and is entered in the aggregate in Col 10 of the report. I concur with your several outlays proposed both for thorough and annual repairs of the roads with the exception of that allowed for road _ No. 3 which I think is considerable one third of it might be reduced _

As for that part of the road No. 4 which passed through Poodoocottah Territory I would remark that up to this time the road in question has been kept in repair by the Poodoocottah State this may be convinced and a proportionable reduction made in the estimate for the whole line of road _

With reference to the 5th Para of your letter under reply I have the honor to observe that the number of roads for which Captain Horsely asked maintenance allowance are those enumerated in the statement _ No. 2 of the made roads forwarded to you on the 19 January 157 which will shew that the total length of the road is 57 1/4 miles as pointed out by you _ In the report

report under notice I find that all the roads which are of great importance, except those noted in the margin are included.

Road No. 14 from Madura to Sandy
Road No. 27 from Trichuly via Auruppoo Cottay to Tatacoorcen.

The road No. 14 is useful to the salt trade from the northern salt pans and Road No. 27 is the one on a portion of which a large sum has already been expended besides which Govt have already directed an estimate to be made for another portion of that road to lead from Auruppoo Cottay to Trichuly.

As regards the branch road leading via Timgachimmaputty to Coimbatoor I have the honor to state that no returns for traffic has been called for hitherto without such it is impossible to give any correct opinion on the importance of it, but I shall call upon the Tahsildar to furnish me with returns for a few months and shall then let you know further about it.

With reference to para 8 I beg to send for your information copy of a letter under date the 28 ultimo which was addressed by me to the chief Engineer on the subject of tolls.

Under this circumstance I think that the cash balance shall be received either by you or by your Executive Agents and necessary receipts be furnished to the Tahsildars in order to relieve the latter from responsibility. The sum should be debited in your account Current for May as a balance handed over to you by me on the 1st May.

As for the sum sanctioned for the budget of any year I cannot disburse it at once to the Executive Officers but must pay it from time to time agreeably to your monthly Estimates.

No. 646

To The District Engineer Madura

Sir

In reply to your letter No. 381 dated 8th instant I have the honor to state ~~that~~ the balance of cash to be handed over to your Department is Rs 11220-8-7 noted in columns 14 of the accompanying revised abstract which is prepared in lieu of the one forwarded to you by me on the 26th May last. The entries in Cols 7, 8, 9, 14, 15 & 16 in the former differ from those in the latter in consequence of an error which has been detected since. On comparing my Account current for April last (copy of which ~~has been~~ sent to you) with the Abstract now sent you will find that the Balance

of cash in the hands of any Executive Officers / Tahsildars &c shewn in the A C will be found to agree with that given in the abstract. This balance should have been therefore paid to you and debited in your Account Current for May.

The sum shewn in Col 13 of the Abstract being part of the refunds out of the expenditure charged in the closing entries of 1855-56 ought to be paid into my treasury and charged in my accounts agreeably to rules 10 of the manual dated 18th April 1856 and Government Order of the 9th January 1857 No. 51.

Under the circumstance stated in the 1st para of this letter I have directed the several Tahsildars and Ameens to pay to your Executive Officers the following sums exclusive of those which you have received already as shewn below.

Srimangolam Tahsildar	Major Marshall	Rs 3432-"-6
Meylore Tahsildar	Lieut J H Vardon	Rs 3176-3-4
Tandicomboo Do. Nellacottay Iyempully	Mr. Franklin	Rs 2209-15-8
Salt Amildar at Rammad Camoodhi Police Ameen Taddakoovultashy Do. Parthibanoor Ameen.	Lieut Scott	Rs 366-1-11
		9184-5-1

Add amount received by your Executive Officers in May as particularized below.

From Tadicomboo Tahsildar	Rs 465-"-"
" Tenkarray Do.	Rs 473-11-3
" Cannoor Ameen (exclusive of Rs 10 on account of refunds)	Rs 88-7-6
Tiroopoovanum Ameen	Rs 9-"-9
	2036-3-6

Total or cash balance shewn in Col 14 of the Abstract ... Rs 11220-8-7

I further beg to forward an Memo shewing that part of the sum to be received and charged in

in your Accounts out of the outstanding advances in column 11 of the Abstract. Strict orders have been issued to recover the sum in question and sent to you with the least possible delay.

I further wish to know whether the materials against which Rs 419-5 stand in Col. 12 of the Abstract have been accepted by your department.

Sir In acknowledging the receipt of Lieut Scott's letter No 554 dated 4th August 1857 together with an Extract from the Proceedings of the Chief Engineer No 2534 dated 30th July 1857 and its enclosures (herewith returned)

I have the honor to state that the Amount of the Bills A. D Nos 11, 13 & 14 do not correspond with the entries in the Statement of unpassed expenditure up to 30th April 1856 because the works executed to that extent as charged in the Bills are in excess of the sums actually paid to workmen up to the above date, whilst the sums of the difference shewn as per margin were subsequent to the 30th April paid to the workmen out of the sur-plus incurred from the Unpassed expenditure on other works. In consequence of which the char-ges thus incurred have not been credited in my account current submitted from May 1856. If the Bills are prepared for the sums charged in the statement of the Unpassed expenditure then the Difference or Rs 84-.-., 11-13-. & Rs 11-14-. will be left unaudited in my accounts as no means will be forthcoming for obtaining sanc-tion for the above sums. I now return the 3 Bills without alteration with a request that you will be good enough to submit this explanation for the approval of the Chief Engineer

Superintending Engr. 1. Circle

Sir

I have the honor to acknowledge the receipt of your letter of the 21st August together with an orig[inal] letter and enclosures from the District Engineer. Only two Tahsildars those of Tenkarray and Nell[acottah] are specifically animadverted on in Lieut. Scott's [and] his subordinates letter. The Tenkurray Tahsildar has resigned his appointment lately and a new Tahs[ildar] appointed. Nelacottah being in the Sub Divis[ion] I will desire Mr. Cockrell to report on that Tahs[ildar's] conduct.

2. I would beg to suggest, that obstructions thr[own] in the way by Revenue Authorities are a very simp[le] and easy way of accounting for backslidings, mere ignorance of the language habits and manners of [the] people and above all want of a conciliating mann[er] not only towards Coolies but towards Revenue autho=rities are the real causes, which keep back Coolies and prevent the Tahsildars & others giving active co-operation.

3. Labour in this District is certainly both scarce and sometimes difficult to get, but in the course of many years service I have never known an energe=tic kind Officer fail to get as much labour as he required. I can instance the late Lieut. Chancy with whom I was stationed some months on the Hassa=noor Ghat into Mysore from Coimbatore the labour market at that place was in very much the same state.

state it is reported by Lieut. Scott to be in this District

4. I have merely made these remarks in order that old and deserving Revenue Officers may not find themselves quite innocently incurring the censure and perhaps punishment of Government

5. In conclusion I beg to assure you that no pains have been or shall be spared on my part to give the D. P. W. the fullest and frankest assistance in its onerous duties.

No 261.

To The Superintending Engineer D. P. W. Fort St George

No 1141 8th No. of 1857-58

Sir, With reference to the Chief Engineer's circulars dated 31st March and 8th May 1857 respectively I have the honor to transmit a statement shewing the servants and Establishment maintained throughout this District for the management of the works of irrigation. The statement exhibits 2 classes of servants viz. 8 Neerannies or Madyen 2 Totties.

The duties of the Neerannies and Madyens are chiefly to open the sluices of the Tanks when the distribution of water is required and shut them up when the water has been distributed; to see that no misuse of the water be made and watch the Tanks and channels in their respective ranges, they are also employed in measuring the Nunjah Fields when called upon by the Heads of Villages.

There are some of the Villages for which Neerannies and Madyens are not appointed, and in which the duty is carried on by the Totty in addition to his professional work. These men were intended originally to measure Poonjah lands and to take messages from Village to Talooks or any other places as directed. wherever this class of people is not available the Ryots get the work done by coolies at their own expense.

With reference to the 4th Para of the Chief Engineer's Circular 8th May 1857 I have the honor to make the following observations.

The abovementioned class of Servants does enjoy maniem in lands and not in ready money. In many villages they are proprietors of the lands and in others are not. Where such right belong to the Servants, they either cultivate the lands themselves and enjoy the produce or give them to others for cultivation receiving Mailwaram or Kist from them. In the Villages in which the servants are not proprietors of lands the land holders cultivate and pay Angelwaram or kist to the Servants.

They enjoy all the produce derived from the maniem lands allotted to them (whether it be more or less in any year) without asking for compensation for any loss, except at times when the lands are rendered useless by Rains or the inundation of Rivers. But if any of them which were Poonjah in Fysul or at the time of fixing assessment are converted subsequently into Nunjah or Garden land by the use of Circar Water, the additional Teerwah of such land will be collected from the land holders and included in the settlement Account.

From the above statement it would appear that there are 727 men in the whole District, the renumeration allowed them amounts to Rs 6224. 6. 11 giving an average rate of Rs 8½ per annum for each individual. Should the Government be willing to assume the maniem in question and to fix a ready money allowance to them in lieu, each individual will have to be paid not less than 2 Rs a month which would entail on the Government an increased expenditure of Rs 11223-9-1.

If the said Servants are transferred to do duty

under the control of the Public works Department they will not obey the orders of the Village Natamgaars &ca and will scarcely attend to the requirements of their Villages and the measurements of the Nunja & Poonjah lands while the local Revenue Officers are engaged in inspecting the Shavanay Sagoobuddy or cultivation.

The Village Moneagar or Nattamgar possesses the control over the Neeranies as to their due performance of their duties of distributing water from the Tanks to the Channels of the Fields. He also enquires into charges preferred against them of misusing water or occasioning disputes between the Ryots an appeal lying from them to the Tasildar or Collector. The Nattamgar being a Revenue Servant and having such duties to perform cannot be made over to the Engineer's Department. A separate class of Head Servants will therefore be required to immediately superintendence the neranies.

Under these circumstances I am of opinion that with the exception of the 3 Caulgars who are appointed under the sanction of Government dated 31st October 1843 to watch over the Chittanay Dam no servants can be transferred to the Engineer's Department.

To The Superintending Engineer D.P.W. Fort St George

Sir, With reference to the 1st Para of your letter No 3812 dated 19th September 1857 calling on me to explain the circumstances under which the sum of Rs 844.4.4 is entered in my account current for April 1857 on the debit side as paid to the Collector of Trichinopoly by a Bill of exchange I have the honor to state that the sum was for the reasons given in the 2nd Para of Mr Sullivan's letter dated 28th September 1857

remitted

remitted to the Collector in question.

With reference to the 2nd para of your letter I have the honor to state that of the 3 items noted in the margin which make up the sum of Rupees 844. 4. 4 alluded to in the foregoing para two items amounting Rs 799. 8. 4 were not expended by the Tasildar till the Talook was transferred to the Collector of Trichinopoly. The Memo alluded to in the 3d para of the letter was forwarded to the Central Office with Mr. Sullivan's letter dated 28th September 1857.

With reference to the 4th para of your letter I beg to observe that the sum of Rs 151 was as reported in my Predecessor's letter dated 28th April 1857 No 44 paid by the Vadakurry Zemindar Thoonkurry Talook to cover the additional expense of Rs 302 Required in excess of the Estimate sanctioned for the New Road from Pereacolum to the top of the Palney Hills to change the original line of the Road in a manner that it may not traverse the Nunjah land belonging to the said Zemindar. This sum was expended on the work and entered in the credit side of the Account Current for 1855-56. The cause of the deduction made in the Total of the debits and Credits by an entry on each side of my Account Current for April last is to enable the Central Office to know that the sum was paid from the private source and a deduction should be made in the Bill for expenditure incurred for that work from the Government Fund.

Sir, I have the honor to forward an Urzee and its enclosures from the Tasildar of Tirumangalam. From it it would appear that Mr Parker the Collector directed the Tasildar to supply one Perasawmy Rotten who undertook the contract the bridge and other works constructed on Road No 26 in the limits of Kuradikul on an Estimate sanctioned on the 10th July /54/ with 60 bandy loads of fuel without payment and to charge the value thereof to the amount of the Estimate for the Road, on consideration of the difficulty of making the

within the rate allowed for the same in the Estimate, but instead of doing so the Tasildar has supplied the contractor with fuel to the amount of Rs. 28-5-" and recovered this sum from and charged it to the accounts of Tree Loppings.

When the Contractor is now called upon to pay a balance of Rs. 28-5- which stands against him out of the advance made on account of his contract he declines to do so on the ground that the fuel was not supplied to him without payment according to the Collectors order above referred to, and requests that the balance may be now credited to the sum which was formerly collected from him on account of the fuel.

The Tasildar admitting the justice of his statement recommends that his prayer be complied with.

Under the above circumstances I have the honor to request that you will be good enough to ascertain whether there is any saving on the Estimate for the works contracted on the above Road in the limits of Karadikul, and if not, whether you see any objection to pay the price of the fuel to the Contractor in question from the saving which may have occurred from the Total amount of the Estimate in question.

Sir, With reference to the correspondence noted in the margin I have the honor to bring to your notice the objection of the Ryots of Cochaday & Ponnany Villages to receive the compensation for the land taken for the water work at Madura unless the cost of levelling the Pits from which earth was taken for the work be given to them at once. The ryots have stated in an agreement given by them, that the required quantity of earth may be dug further from the pits in which excavation is already made and they would wait to level their lands till embankment is completed. Under these circumstances I think that their objection is reasonable and that it would be beneficial we could settle the compensa-

=tion

tion both for the land and for the levelling of the pits without further loss of time The cost of the levelling was estimated by the Tasildar of Madaseelum at Rs 1165-15-3. This sum if added to that of Rupees 1464-9. being the value estimated for the land required for the embankment, amounts in all to Rupees 2630-9-3. I request therefore that you will be good enough to bring the above objection to the notice of the Chief Engineer and obtain the sanction of Government for disbursing the sum in question. As it appears from your predecessor's letter to Mr Sullivan dated 5th December last that the Estimate for the project is insufficient I do not think that we would be able to pay the sum now required from it I shall feel obliged by asking the opinion of the Chief Engineer on this point also.

To The Quater Master General of the Army
Fort Saint George

I observe in the Fort St George Gazettee of the 24th February 1857 that the 4th Regiment Madras Native Infantry are to embark at Autencurray or elsewhere in the Coast.

I beg most respectfully to bring to the notice of the Commander in Chief that the road from Palamcottah to Autencurray is through a barren very thinly populated country. when the 13th Madras Native Infantry lately marched from Tuticorin to Autencurray supplies were all brought from a great distance for their support & the whole energies of one of the then Civil European Authorities of the District was engaged in procuring such Supplies. moreover Autencarray itself is a small fishing village without Boats or supplies, all of which have to be collected through boat from the whole length of Coast & the supplies from inland.

Tuticorin is a fine harbour with every accomodation for embarking Troops & in point of time a sailing ship at this season with wind & current against her would reach Tuticorin by starting totally out & fetching Tuticorin in two tacks as largely as she would, crawling

down the Coast.

Para 1 I have the honor to acknowledge the receipt of your letter dated 5th April together with a copy of a letter from the officer commanding Dindegul complaining of delay from the 14 to 22 ultimo in ordering payments of his abstracts, a delay must necessarily arise whenever I am absent from Madura, as the order and bill is sent for acceptance & on their return to Madura sent to the talook whenever the payment is due.

2 I am desired by order of the Board of Revenue not to sanction any payments from a talook treasury without a specific order

3 Dindigul as you are aware is unfortunately situated in regard to payments as for five months the officer commanding Dindigul is obliged to dispatch a guard to Madura to receive the pay of his detatchments

4 Could it be arranged that the officer in command of Madura should dispatch a guard with the pay he might have it the day of the receipt of draft from the paymaster and it would reach Dindigul two days after this arrangment would only meet the difficulty for the seven months that money is remitted from Madura I am afraid that even greater delay than the eight days complained of will take place when my duty take me to the limit of my district. Sir,

With reference to your letter of 2d March 1857 — I have the honor to inform you of the result of the enquiry held on the ×[illegible] sale of the Certificate forwarded. The enquiry was not closed on the receipt of your letter of 7th Apl last. It is evident that a perjury has been committed but there is no proof to fix the perjury on any one known of the five people thro' whose hands the Certificate passed in its transit from the Mff's Court to my Cutcherry. The Certificate was only made over to Pff's Vakeel who gave it to his Client who says he sold it to one Hastiman whose brother Naugoovein sold it to one Bhaskarasastry who received the Money thus the Certificate certainly passed these 3 hands. the Vakeel Plaintiff Bhaskarasastry. The measures pointed out by you in your letter of the 2d Ultimo will render such malpractices impossible in future.

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 13th Apl last.

2. With reference to the queries contained in that letter, I have the honor to forward Copy of a letter addressed by Mr Parker the Coll. of this District the Military Secretary on the Subject & another letter to the Secy. to the Bd. of Revenue by the same Officer. & No 987 dated 12th Sept 1856 + No 129 dated 20 July 1856

3. As regards my own opinion on this Subject I can only reiterate a paragraph in Mr Parker's letter to the Military Secretary.

"If Govt consider the advantage of withdrawing "the Detachment sufficient to compensate the moderate "chance of disturbance among a population very large, "but peaceably disposed" it must be done - but if the past history of this District be read & the position we shall be in regard to the Zemindary of Raumad on the Ranees death, be taken into consideration I think if the Detachments are withdrawn from Raumad & Madura some other efficient power however small wh. can be at once called into action must be substituted, as a small force might at once put down a riot which from immunity might become an insurrection.

In reply to the 2d Para of your letter of the 3d

3rd Instant, I have the honor to inform you that the Season from the 1st of May last has not been so favorable.

2. The rain which fell in May & June served only for Ploughing. The Season changed much for the worse in July & August. The fall of rain in the Months of Septr & October was shewn by the rain guage to have been 4½ inches & 8 inches respectively & there was rain generally throughout the District except at the South Eastern part of Ramnad. In November & December there was no rain. In January there was some rain but in February there was none. In March & April there was some useful rain in consequence of which the Nunjah Cultivation was brought up but not to its usual standard. Considerable dry grain perished for want of the usual quantity of rain. As no fresh came down the river Vighay since October the tanks in general did not obtain their full supply of water. Prices have remained high throughout the year. Cholera & Small Pox have been prevalent, & there has been some Disease among the Cattle since March.

Sir,

I have the honor to acknowledge the receipt of your letter of the 8th Ultimo

1 Document marked H will show that the Collector wished to be included as a Supplemental Defendant as agent to the Court of Wards

2 With reference to the Proceedings of the Civil Court of Madura dated 10th February 1857 I have the honor to request that you will on perusal & consideration of the paper submitted proceed in such manner as you may consider right

3. In case you should require the Vakalutnamah I forward it herewith I may here observe that as Government are not concerned in this matter & as the Collector does not plead as Collector but agent to the Court of Wards one Vakalutnamah is sufficient

4. You will see by the documents forwarded that the Minors grounds of appeal are that he is interested in Proprietary right to the amount of $9\frac{3/4}{16}$ Shares in a Village Consisting of 36 Shares

5 The only reason for debarring the Minor from being a Supplemental Defendants must be to cause delay

delay as in the event of Plaintiff gaining the Cause the Minors & others would sue denovo until the rule of the Court be considered a bar which might be

To The Ricketts Esqre Commissioner for the Revision of the Civil Salaries & Establisht. throughout India - Ootacamund
Sir,

I have the honor to acknowledge the receipt of your letter of the 21st May 1857.

2. As regards the 1st question whether Madura should be divided into two District &c &c I would recommend that no change be made the work is done apparently to the satisfaction of Govt. & the inhabitants are contented & the Revd. is [illegible] increasing the Ramnad Zemy contains an area of 2500 Sqre Miles Population 396898. Peshcush 331,565 " 8 probable Revd of Zemy. Six Lacs susceptible of improvement to perhaps two Lacs more

3. The Ramnad Zemy as regards the Revd. is managed by

by an Officer Styled the Manager appointed by the Ranee all Subordinate Native is left to her Official

4 The Police duties are carried on by 3 Police Ameens who report to my Head Assistant whose head quarter at Ramnad

Hunnaday
Teruvadanay
Ramnad

5 Ramnad will lapse to the Company on the death of the present Ranee who is about 46 years of age great litigation may be extracted on the death of the Ranee both as regards the inheritance to her real and personal property but eventually the Zemy will fall to Colr who will take under him on the Ranee's death

6 Shevagunga is now managed by the Collr as Agent to the Court of Wards previous to this the management was Similar to the System at present in Ramnad –

Area sq. miles 1594½
Population 370,924
Produce Rs. 262,502 . 3 . 6

7 As regards the Establishment of Sub Collr Assistts Uncovenanted Deputy Coll: &c. &c. – As I have recorded my opinion that no Divn of the District is desirable my present Establishment is sufficient. When the Ramnad Zemy lapses I shall require an additional Sub Collr & if Uncovenanted Asstts are appointed to this Presidency I shd be glad to have one who would take the Management of the Town of Madura off my hands & the Treasury altho' the labour of these two charges is not great they keep me too much in Madura when I have a good many points [illegible] active which I would wish. I can give out such a increase of pay to Tahsildars &c &c but these arrangements might be made without making any radical change in the Management of the District

To The Secretary to the Marine Board Madras

Sir,

I have the honor to inform the Board that in a Urzee dated 25th June last the Sea Custom Manager at Paumbon reported to me that the Tindal of a Vessel Mahomed ally belonging to Coorjoomarakan & Cadermeerasa Merkoir bound from Coolacaerapatam to Madras & who Came thro' the Paumbon Channel on the 24th Idem objected to pay pilotage on the plea that the draught of the Vessel has been charged 2 feet in excess of what had been the measurement at Keelakurray Vizt 8 feet, & that he

he afterwards proceeded to Madras without paying the duty & receiving the Port Clearance from the Manager on that Officer persisting that the pilotage should be paid according to the measurement of the Pilots of the Channel

2 I then called upon Mr. Eglam the Head Pilot to explain to me the cause of his having allowed the Vessel to go through the Channel prior to the payment of the due in opposition to the Pilotage Rules published under date the 6th December 1848. The reasons adduced in his letter of the 20th Ultimo in support of his having done so & of his refusal to remeasure the draught of the Vessel which the Tindal complained has been improperly made by his writer do not appear to me to be satisfactory.

In a letter from Captain Gib to the address of the Asst Collr forwarded with your letter of the 24th Ulto he observes that out of 20 Complainants all of them except Aboobucker were induced to sign the Complaint through the instigation of the latter, whereas from the depositions taken before him, it is apparent, that to obtain a Port clearance from the Manager they (Complainants) have by ignorance paid him, as he demanded at the Rate of one Rupee for a Dhony & half a Rupee for a Boat until within a few days of the date of Complaint, when they came to understand from Aboobucker that the money Collected from them was for the private use of the Manager & not for Govt. Some of the Complainants further state in their Depositions that in addition to the above sum, they used to give the Sircars of the Cutcherry 1 Annas, two annas to the Gomastah & two to Peons for getting a Port Clearance

To
The Officer Commanding Lt. Dn

Sir,
In reply to your letter of the 17th Inst. soliciting me to make advances of pay to the Officer Commanding Madura for the men of his Detachment upon that Officers responsibility I regret that I cannot accede to the request - That Officers receipt is no authorization for me to do it. Moreover the alleged inconvenience can only be under ignorance for the first few days, the men regularly receive their pay after an interval of only one Month it can eventually matter with whether that month commences on the 4th & the 15th -

Sir Missionary

I regret to be obliged to inform you that I am unable to grant you the land for which you applied on the 24th Ulto

2 From the report furnished me (together with a plan) by my Assistant Mr McGregor after personal inspection

of Enquiry it appears that there are only 14 Codies of Perimpoke land wh. space is divided between two Villages & as the Cultivation carried on is very extensive this barely suffices for the requirements of the Villages. It appears that a former occasion Mr. Blackburne the Collr. obtained on this reason from building a Choultry there -

Sir,

In reply to your letter of the 28th Instant I have the honor to inform you that the season was very unfavorable till the end of September at the commencement of October there were a few useful falls of rain. In consequence of the [illegible] in Nov. and December the paddy

paddy could not be planted out from the seed beds many of which were dried up by the heat. In many places the dry crops sown have suffered and in some they have entirely withered. It is to be expected that the quantity of grain produced will fall far short of the average. Cholera prevails in some places in the Periakoolam Talook and in the vicinity of the Hills generally. The health of the people is generally good.
